I am delighted to know that during the year 2018 Bharat Scouts and Guides contributed extensively to the cause of environmental upgradation and gender equality. The WAGGS supported school of five hand wash project successfully ended in November 2018. An evaluation survey on SURF SMART was conducted to study the impact of online safety awareness programs we implemented. The ongoing project on body confidence popularly known as free being me has created visible impact across the country.

The National Council meeting held on first December considered various proposals to amend rules of BSG. As we want wider consultation and feed backs the proposals are now being considered by the task forces.

While we are proud of our strengths, we need to enroll more members to reach our ambitious target of 10 million registered beneficiaries.

I wish all a happy and prosperous year 2019.

Dr. Anil Kumar Jain
National President

HAPPY NEW YEAR
The recognition of the Scouts movement has encouraged and inspired generations of Youth to channelise their energies vigorously into Community Service and Nation buildings.

We acknowledge with proud the Scouts and Guides Movement in India for its success in developing a wide National network and also in connecting with counterpart organizations throughout the World to spread friendship and cooperation. I am happy to see that our strength has reached a record 57 lakhs. This is certainly indicative of the increasing enthusiasm, in the youth of India, to embrace the motto of "Service" and to work for National Integration and International harmony.

I am especially happy to have this opportunity to convey to the Bharat Scouts and Guides community, my simple message: your country is proud of you. We represent a highly motivated and well-organized body of dedicated youth. We have proven to be a very efficient voluntary movement, non-political in nature, that has purposefully engaged in the building of an enlightened and progressive society.

Our guiding dictum, ‘duty to god, duty to others and duty to self’, ingrains in us spiritual principles that build character. It impels us to spread the virtues of mutual respect and brotherhood in our society. Through our participation in the Scouts and Guides Movement we also realize our own intellectual, physical and spiritual potential.

We are at the forefront in extremely challenging situations. Our support to the railways and civil administration during the Kumbh Meela, our programmes of rebuilding schools, Polio Immunization, Skilling India, Anti-Tobacco Campaign, Education extension, Community Workshops, Digital India, Pradhan Mantri Jan Dhan Yojana, Swachh Bharat Abhiyan and Make in India, are only a few of the numerous projects that we have so successfully carried out. I thank each and every member of our organization the Bharat Scouts and Guides for the selfless service to the nation. I am sure that with every initiative that we take up, inspire many to also come forward and make a contribution with similar dedication and sincerity.

On the New Year 2019, I offer you all, my felicitations and extend to you my good wishes for the continued success of our endeavors. May we grow from strength to strength.

Dr. K.K. Khandelwal, IAS (Retd.)
Chief National Commissioner
The year 2018 was full of challenging and innovative programs for young people. 100 years of Rovering was celebrated in befitting manner at all levels.

Our efforts to provide platform for young people in decision making through various youth forums received laurels. In the history of Asia Pacific Regional election to YAMG we got our nominee elected by team effort of 9 young people including 2 female delegates. Our youth team at 26th APR Scout Conference got appreciation for their active participation and negotiation skills. Our Amendments to conference resolutions got through as our Youth team lobbied well.

Bharat Scouts and Guides is considered as a force to recon by WOSM and WAGGGS alike. We need committed professionals at National and State level to make our targets achievable.

We invite more young people to join professional services of scouting and guiding if you can bring growth an innovation. We look forward for review of present professional set up at national level to the association more vibrant.

Wishing all our readers a happy and purposeful centenary year of Rangering 2019.

Participation in SAPSC, South Korea

Korea Scout Association (KSA) and the World Scout Bureau Asia-Pacific Region (APR) have signed Memorandum of Agreement (MOA) with Korea’s Ecological Capital, Suncheon City on 16 December, 2008 to manage the Suncheon Asia-Pacific Scout Centre (SAPSC), where young people may improve their global leadership potentials. From the beginning of March 2009, the SAPSC had offered programmes in English based on the Scout method of “Learning by Doing”.

SAPSC is an International Scout Centre, where scouts from different countries of the world come to volunteer as teachers. The scout volunteers teach about their culture and in return they learn about Korean culture. Culture refers to the knowledge, behaviour, attitudes, habits, languages and practices that are unique to a particular group of people.

I am grateful to Bharat Scouts and Guides National Headquarters, New Delhi and J&K State Bharat Scouts and Guides for giving me an opportunity to be part of amazing three months experience that took place at Suncheon Asia Pacific Scout Center (SAPSC) in Suncheon, Republic of Korea.
I was selected as staff in this term to assist the SAPSC team for the success of three months World Culture Village in English programme 2018. In the programme volunteers participated to share their culture with Korean students in the English language.

Volunteers and Staff were deputed from Spain, France, Montenegro, Kazakhstan, Pakistan, Malawi, Nepal and India. Most of our students were 14 years old.

There were mostly 70 to 100 students per camp, divided in 6 classes, and each teacher was in charge of one class.

Words fail me to express my deep sense of gratitude to the Korean people especially the staff of SAPSC & KSA for their great hospitality and warm welcome during my stay in Korea.
